

Selective Service Registration

Department: Office of Economic & Workforce Development

Effective Date: September 1, 2012

Directive # 30-12

Supersedes: 30-07

PURPOSE

This directive provides guidance regarding Selective Service registration requirements for participation in Workforce Investment Act (WIA) funded services. Additionally, this directive contains model questions for One Stop Career Link Center and other WIA Service Provider staff to help determine whether failure to register by a current or potential WIA participant was knowing and willful and follow the procedures set forth by OEWD.

BACKGROUND

Only those males who are subject to, and have complied with, the registration requirements of the Military Selective Service Act are eligible for participation in WIA funded programs and services. Section 189(h) of the WIA requires the Secretary of Labor to ensure that each individual participating in any WIA program, or receiving any assistance under the Act, has not violated the requirements of Section 3 of the Military Selective Service Act. This section requires that every male citizen and every other male residing in the United States must register with Selective Service between their 18th and 26th birthday. This section also requires the Director of the Selective Service System and the Secretary of Labor to cooperate in carrying out these provisions.

POLICY

All programs and services established or receiving assistance under Title I of WIA must comply with Selective Service registration requirements.

Selective Service Registration Requirements

Men born on or after January 1, 1960, are required to register with Selective Service within 30 days of their 18th birthday and up to, but not including their 26th birthday.

This includes men who are:

- Citizens of the U.S.;
- Non-citizens, including illegal aliens, legal permanent residents, seasonal agricultural workers, and refugees who take up residency in the U.S. prior to their 26th birthday;
- Dual nationals regardless of whether they live in the U.S.; and/or
- Veterans discharged before their 26th birthday.

For U.S. citizens, Selective Service registration is not required if the man falls within one of the following categories:

- Men who are serving in the military on full-time active duty;
- Men attending the service academies;
- Disabled men who were continually confined to a residence, hospital or institution; and/or
- Men who are hospitalized, institutionalized, or incarcerated are not required to register during their confinement; however, they must register within 30 days after being released if they have not yet reached their 26th birthday.
- Veterans discharged after their 26th birthday

For non-U.S. citizens, Selective Service registration is not required if the man falls within one of the following categories:

- Non-U.S. male who entered the U.S. for the first time after his 26th birthday. Acceptable forms of supporting documentation include:
 1. Date of entry stamp in his passport;
 2. I-94 with date of entry stamp on it; or
 3. Letter from the U.S. Citizenship and Immigration Services indicating the date the man entered the U.S. (shown along with documentation establishing the man's age).
- Non-U.S. male who entered the U.S. illegally after his 26th birthday. He must provide proof that he was not living in the U.S. from age 18 to 25.
- Non-U.S. male on a valid non-immigrant visa.

NOTE: The requirement for transsexual, transgendered, and intersex individuals to register with Selective Service depends upon the gender recorded on their birth certificate. If an individual is recorded as a male, that individual would need to register for Selective Service regardless of their present sexual identity (e.g. sex change from male to female). However, if that individual's

birth certificate is later changed to reflect a female identity, that individual would not be required to register.

Additional information regarding registration requirements can be found on the Selective Service website at www.sss.gov. This website also provides a quick reference chart listing who must register at www.sss.gov/PDFs/WhoMustRegisterChart.pdf.

Acceptable Documentation

In order to be eligible to receive WIA-funded services, all men born on or after January 1, 1960, must present documentation showing compliance with the Selective Service registration requirement. Acceptable documentation to determine a person's eligibility for WIA Title I programs include:

- Selective Service Acknowledgement letter
- Form DD-214 "Report of Separation" (use only if veteran was discharged after his 26th birthday)
- Screen printout of the selective Service Verification site: www.sss.gov/RegVer/wfVerification.aspx. For men who already registered, this website can be used to confirm their Selective Service number as well as the date of registration, by entering a last name, social security number, and date of birth.
- Selective Service Registration Card
- Selective Service Verification Form (Form 3A)
- Stamped Post Office Receipt of Registration

Registration Requirements for Men Under 26

Before being enrolled in WIA-funded services, all men who are not registered with Selective Service and have not reached their 26th birthday must register through the Selective Service website at www.sss.gov. If a male turns 18 while participating in WIA-funded services, registration with Selective Service must be completed no later than 30 days after he becomes 18 in order to continue to receive WIA-funded services. If a man under the age of 26 refuses to register with Selective Service, WIA-funded services must be suspended until he registers.

Non-Registration by Men 26 and Over

Before enrolling in WIA-funded services, all men 26 years of age and older, must provide documentation of compliance with the Selective Service registration requirement. Individuals who did not register for Selective Service or who cannot provide any of the documentation listed in the "Acceptable Documentation" section of this directive must obtain a Status Information Letter from Selective Service indicating whether they are required to register. The Request for the Status Information Letter form can be accessed at www.sss.gov/PDFs/infoform.pdf and the instructions can be accessed at www.sss.gov/PDFs/instructions.pdf. The individual will need to describe, in detail, the circumstances that prevented him from registering (e.g., hospitalization, incarceration, military service) and provide documentation of those circumstances. The documentation should be specific as to the dates of the circumstances.

Status Information Letter

If the Status Information Letter indicates that an individual was not required to register for Selective Service, then he is eligible to enroll in a WIA-funded service. If the Status Information Letter indicates that the individual was required to register and now is unable because he is 26 or older, he is presumed to be disqualified from participation in WIA-funded activities and services until it can be determined by OEWD that his failure to register was not knowing and willful. Individual must submit to OEWD a copy of the Status Information Letter, his own letter explaining why he failed to register and any documentation to support his failure to register accompanied by a request from a service provider.

How to Determine “Knowing and Willful” Failure to Register? (Documentation and Model Questions)

If the individual was required but failed to register with Selective Service, the individual may only receive services if he establishes by a preponderance of the evidence that the failure to register was not knowing and willful. The local area that enrolls individuals in WIA-funded activities, and is thereby authorized to approve the use of WIA grant funds, is the entity responsible for evaluating the evidence presented by the individual and determining whether the failure to register was knowing and willful.

Documentation

Evidence presented may include the individual’s written explanation and supporting documentation of his circumstances at the time of the required registration and the reason(s) for failure to register. The individual should be encouraged to offer as much evidence and in as much detail as possible to support his case. The following are examples of documentation that may be of assistance in making a determination in these cases:

- Service in Armed Forces. Evidence that a man has served honorably in the U.S. Armed Forces such as a Form DD-214 or his Honorable Discharge Certificate. Such documents may be considered sufficient evidence that his failure to register was not willful or knowing.
- Third Party Affidavits. Affidavits from parents, teachers, employers, doctors and others concerning reasons for not registering may help grantees in making determinations in cases regarding willful and knowing failure to register.

Model Questions

In order to establish consistency regarding the implementation of the requirement, local areas should consider the following questions as a model when determining whether a failure to register is knowing and willful.

In determining whether the failure was “knowing,” local areas should ask:

- Was the individual aware of the requirement to register?

- If the individual knew about the requirement to register, was he misinformed about the applicability of the requirement to him (e.g. veterans who were discharged before their 26th birthdays were occasionally told that they did not need to register)?
- On which date did the individual first learn that he was required to register?
- Where did the individual live when he was between the ages of 18 and 26?
- Does the status information letter indicate that Selective Service sent letters to the individual at that address and did not receive a response?

In determining whether the failure was “willful,” local areas should ask:

- Was the failure to register done deliberately and intentionally?
- Did the individual have the mental capacity to choose whether or not to register and decided not to register?
- What actions, if any, did the individual take when he learned of the requirement to register?

Results of Findings

If OEWD determines that an individual’s failure to register with Selective Service was not knowing and willful and the individual is otherwise eligible, services may be provided. However, if the evidence shows that the individual’s failure to register was knowing and willful, OEWD will deny WIA services. Individuals denied services must be advised of available WIA grievance procedures.

INQUIRIES

Inquiries should be addressed to the OEWD Director of Operations at 415-701-4848 or workforcedevelopment@sfgov.org.

OEWD and its service providers shall follow this policy. This policy will remain in effect from the date of issue until such time that a revision is required.
