

Date Question Submitted	Name	Organization	Question	Program Question or Administrative Question?	Response
12/14/2021 3:08PM	Joann Lee	Youth Art Exchange	Are fiscally sponsored organizations eligible to apply for this RFP	Administrative	Yes, as long as the fiscal sponsor meets all eligibility requirements.
12/17/2021 4:59pm	Mark Izu	First Voice SF	The form will not allow me to check our program area - F, AAPI and Japanese-American Performative Arts Programing. (section is locked) I'm using a mac and an older version of word.	Administrative	Sorry you're experiencing this issue! You can do one of three things: (1) print the full proposal and check the program area box before scanning and e-mailing it in, (2) Include the program area name in the title (e.g. "Area A - Project Title"), or (3) clearly note in the subject line of your e-mail submission which program area you are submitting under (so that we can do it for you).
12/17/2021 4:59pm	Mark Izu	First Voice SF	The budget sample says we can use the deliverable sections to list our activities. We have about 5 different productions we are doing during this funding cycle. This fund will supplement these activities. Is it okay to list each activity as a deliverable?	Administrative	If you are proposing to be reimbursed based on deliverables, that approach is allowable. However, section 4 of the proposal ("Financial Management and Budget") must include a detailed description of the costs anticipated under each deliverable in order to justify your rate.
12/17/2021 5:23pm	Justin Hoover	Chinese Historical Society of America	In developing the budgets can you tell me what percentage of funds can be allocated to facility related capital expenses, to administration human resources, to program costs, and to budget contingency? I know that some granting agencies prioritize allocations to certain areas over others.	Administrative	This RFP does not include specific budget targets for different cost categories, however, please make sure that the activities you propose for funding fall within the eligible activities under the program area(s) you are applying to.
12/17/2021 4:59pm	Mark Izu	First Voice SF	Who is our OEWD Program Officer? Can I ask some questions directly to our PM?	Administrative	All questions related to this RFP must be submitted through the e-mail process as the same information must be made available to all applicants.
12/17/2021 4:59pm	Mark Izu	First Voice SF	As a performing arts organization we will attach samples of our work as links (vimeo). Most arts funding has a special work sample place that is heavily weighted in the decision process. Will the panel review these work samples? How important are these?	Administrative	Video samples are not allowable submissions under this RFP and will not be reviewed by the panel. However, we encourage applicants to clearly detail your relevant experience in the written proposal, such as descriptions of past performances, critical reception, and examples of community support.
12/17/2021 4:59pm	Mark Izu	First Voice SF	In order to fulfill our objectives for this proposal we will use some of the funds to supplement upgrades & renovations to our office, rehearsal space and performing space. Is this with in the RFP?	Unknown	Please make sure that the activities you propose for funding fall within the eligible activities under the program area(s) you are applying to. Physical space investments that directly support your organization's ability to meet the deliverables of the grant are appropriate within the context of this RFP.
12/14/2021 4:25PM	Desi Danganan	Kultivate Labs	Does the lead applicant / agency have to 5 years of experience or can the partners have the 5 years of experience to qualify?	Program Area D	OEWD will consider the combined experience of the project team to meet this qualification. Your proposal should clearly address the qualifying years of experience for all project team members in the proposal narrative.
