- Professional and business services (up 4,400 jobs), information (up 2,700 jobs), and other services (up 2,500 jobs) all increased employment.
- Financial activities registered a payroll growth of 1,000 jobs. The gain was divided evenly between finance and insurance and real estate and rental and leasing.
- On the other hand, government (down 1,800 jobs) contracted. Due to summer break for students, local and state government educational services (down 2,200 jobs) fell. An increase in local government (up 400 jobs) offset part of the loss.

San Francisco to Require Proof of Vaccination for Entry to Certain Indoor Businesses and All Large Indoor Events

Posted Date: Thursday, August 12, 2021

San Francisco, CA — Mayor London N. Breed and Director of Health Dr. Grant Colfax announced today that San Francisco will require businesses in certain high-contact indoor sectors, such as those that serve food or drink like bars, restaurants, clubs, theaters and entertainment venues, as well as indoor gyms and other fitness establishments, to obtain proof of vaccination from their patrons and employees in order for them to go inside those facilities. This does not include individuals ordering or picking up food or drink to go. The Health Order is designed to protect against the continued spread of COVID-19, particularly among the unvaccinated, while keeping businesses open and helping to ensure schools remain open.

Additionally, San Francisco's order creates a new proof of vaccination requirement for large events at indoor venues, requiring attendees who are age 12 or older at events with 1,000 people or more to provide proof of vaccination. Previously, state and local
