ICE BREAKER – What's in a Name?

5 Minutes! Pick One and Answer in Your Small Group:

• Does your name have any special meaning? What is it?
• Where does your name come from?
• What does your name mean to you?
• Do you have any nicknames?
The mission of the Office of Economic and Workforce Development (OEWD) is to advance equitable and shared prosperity for San Franciscans by growing sustainable jobs, supporting businesses of all sizes, creating great places to live and work, and helping everyone achieve economic self-sufficiency.
Government Alliance on Race & Equity (GARE)
Why lead with race?

• To have maximum impact, **focus and specificity** are necessary. Strategies to achieve racial equity differ from those to achieve equity in other areas. “One-size-fits all” strategies are rarely successful.

• A racial equity framework that is clear about the differences between **individual, institutional and structural racism**, as well as the history and current reality of inequities, has applications for other marginalized groups.

• Race can be an issue that keeps other marginalized communities from effectively coming together. An approach that recognizes the inter-connected ways in which marginalization takes place will help to achieve **greater unity across communities**.
“A Racial Equity Action Plan (RE Action Plan) shall include Racial Equity indicators to measure current conditions and impact, outcomes resulting from changes made within programs or policy, and performance measures to evaluate efficacy, that demonstrate how a City department will address Racial Disparities within the department as well as in external programs.”

— ORE Legislative Mandate, Ordinance No. 188-19
